### Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

### Give It a Trial

Physical Culture for the face. Our new Electric Massage drives away wrinkles and eradicates black-heads from the face. A trial is proof.

### No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Oberdorfer's drug store.

### Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

### The Paris Business College

Is now being organized by Prof. Lippard, of Cincinnati, and will open the first of January. Prof. Lippard has had a large experience in training young men and women for good positions and placing them in same, and every young person possible should enter at the opening. Nothing pays better than a business education. Positions secured for all graduates, and Prof. Lippard has calls for more graduates than he can furnish.

### Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.

SOME people seemed to think that when it was announced several weeks ago that Tom Lawson had lost several millions in speculation it would be the last heard of "frenzied" Tommie. Not so, for it is now announced that after taking an inventory after the recent losses he had \$11,600,000 left. This is a plenty for him to continue his advertising schemes for a few months at least.

AN exchange says the Legislature will be asked to make the desertion of one's family a felony, and it is to be hoped it will comply with readiness and eagerness. Any man who from sheer cussedness fails to provide for those he is under every obligation, human and divine, to support, is a detestable creature and the penitentiary is almost too good a place for him. Desertion is a crime as cruel as it is cowardly and the punishment for it should be indeed severe.

A GREAT many good women throughout Kentucky are adopting the plan of donating all eggs laid on Sunday to missions, this is a good move, for if the hens will desecrate the Sabbath by "laying" around, then let the proceeds be given to a good cause. Missions is a good cause, provided it is a home mission, but we object to our delicious hed fruit being sold to send some American woman to China to be butchered up like hogs and cast into a river.

THE attention of the city fathers is called to the condition of the wires of the Paris Electric Light Company. By the crossing of one of these wires with a telephone wire several nights ago came near causing the death of a beautiful little miss of our city. We understand the insulation of the wires all over the city is in a bad condition and have been for several years. A thorough investigation of this matter should be made without delay, for the public is in peril if these wires are in the condition as reported.

SENATOR W. H. COX, of Maysville, captured the nomination for United States Senator with so much ease in the Republican joint caucus the other night he is being groomed by some of his legislative friends for the Republican nomination for Governor next time. This looks very much like a gentle slap in the face to the Ernst-Yerkes combination. Wonder if the Republicans have any idea of ever electing another Republican Governor of Kentucky? No sensible Republican has any such idea. The only fight they will ever again have on hand will be the one now on in full blast, for Federal patronage.

IN the defeat of Hon. J. C. S. Blackburn for United States Senate it can be said that he retires crowned with an honorable record. After eighteen years service in the highest office within the gift of the people of Kentucky he goes down in defeat without a stain upon his character. When elected to this office he was a poor man and will vacate it without a dollar, when if he had not been the very embodiment of honor he could have been rich. He was vilified in every way by his enemies, but did you notice not one of them ever uttered a word questioning his honesty. It is to be hoped that the officials who caused his defeat can go out of office with as clean a record as "Old Joe" will leave behind him.

NEVER before in the history of Paris was the "lid" on as tight as it was Sunday. You could not get a drink for love or money, and if your bottle was not filled Saturday night you was compelled to go to the drug store and get a vial of bromo seltzer for your nerves. It was as the News predicted, and we believe it is no spasmodic effort on the part of Mayor O'Brien, and that the "lid" will be on during the entire term of his office. It was also noticeable that drunken negroes from the Claysville saloons were not parading our streets. We understand that the negro saloonists of Claysville sent a messenger to Mr. O'Brien, asking if he would interfere with the Claysville saloons, and he promptly replied that he would and that if they kept open, their houses would be raided as regular as Sunday rolled around, the police having jurisdiction within two miles of the city limits. Consequently the "lid" was on in Claysville Sunday, something never heard of before in the history of this negro suburb.

While Mr. O'Brien may make some enemies in enforcing the law, at the same time he gains friends, and we have yet to see an officer grow unpopular with the masses when he has the moral courage to do his duty as he had obligated himself to do.
